

I.T. and Me Works

**A Follow up Course of Study to
I.T. and Me with Complete Lesson Plans
For Eighth or Ninth Grade Students**

Section 1:

Business Information Studies,

The focus of this strand is to help students make a smooth transition from high school to life. Whether the path leads to advanced schooling, the military or directly into the world of work, New Hampshire students must be prepared to live, learn and work in the 21st century. In this strand, students will learn database creation, spreadsheet calculations and linking, information management, effective oral, written and electronic communication, international business, consumer behavior and website analysis.

Development of this course was made possible through the use of funds under the Carl D. Perkins Vocational and Technology Act of 1998 and provided by the NH Department of Education.
