Convenient Course Delivery

Each course unit runs from Wednesday until the following Tuesday. The courses are divided into 7 units, beginning with the initial face to face orientation meeting and an online course orientation week. Weekly participation requires online readings, projects, tasks or assignments, and discussions. When and where the participation occurs is completely up to the participant's schedule and preferences. An internet connection is all that is required for access to the course. Participants completing the course receive a certificate for 35 contact hours of course participation. Optional graduate credits are available through Plymouth State University.

New Introduction /Orientation Sites

Orientation sessions are held throughout the state just prior to the start of each session. OPEN NH runs four sessions of courses throughout the academic year. These orientation sessions are optional and geared toward orienting participants to the OPEN NH program and ways to be successful with online learning. To find out the session and orientation dates available for upcoming sessions, visit www.opennh.org. Our instructors are specially trained in online professional development course facilitation by the Education Development Center as part of the e-Learning for Educators Initiative. We offer a variety of online courses that can meet your professional development needs. The complete list of course descriptions and schedules are available online. Not all courses are offered each session.
